Amrutya Jirobe

Bangalore, IN • amrutya.is18@bmsce.ac.in

I'm an engineering pursuing student who wishes to join your company and be an asset for the development of the company.
I only wish to seek an opportunity to display my skills and make myself useful to the society!

Skills

c/c++

Proficient in this language and ready to get any work done efficiently
Python, Java, etc are few other languages I'm comfortablw with

Algorithms

It's been a while since I've started programming and now I feel confident in coding.
I actively participate in live contests on various coding websites.

MySql, Android Studio

I'm proficient in operating datasets and have made few projects as a part of our engineering semesters.
I did deep dive into Web Development, mainly in the FrontEnd during my initial years in engineering

Education

NARAYANA JUNIOR COLLEGE, Other, SCIENCE, 2016 ~ 2018

I've been an active student throughout the curriculum here!
Percentile - 95

KENDRIYA VIDYALAYA, Other, SCIENCE, 2014 ~ 2016

I've displayed my virtue of discipline and honesty at every occasion and never let my respect down for any reason.
I liked to participate in many regional events for sports on national level in football
GPA - 10

ADITYA BIRLA PUBLIC SCHOOL, Other, SCIENCE, 2003 ~ 2014

I loved going to school and to inculcate human values!!
Percentile - 94
